WARREN MISSIONARY IS BEHEADED BY JAPS ON PANAY

LOCAL WOMAN WITH MISSION IS EXECUTED

Details of Death of Miss Signe A. Erickson and Twelve Others Are Revealed

BETRAYED BY FILIPINO

New York, June 1.—(AP)—The American Baptist Foreign Mission Society reported today that 11 Baptist missionaries and a nine-year-old boy were beheaded by the Japanese in 1943 on Panay island in the Philippines.

The executions occurred Dec. 19 or 20, 1943, but the society said it had not received permission from the War Department until now to make the information public.

Those put to death had fled to a mountain refuge which they named Hopewell, in order to carry on their "preaching, teaching and healing mission" after the Japanese invasion, the society said.

The names of the victims included:

James H. Covell, teacher, Athens, Pa., and Le Roy, N. Y.

Mrs. Covell.

Miss Signe A. Erickson, teacher, Warren, Pa.

The society said the missionaries had escaped the Japanese for two years but finally were betrayed by a captured Filipino guerrilla officer.

Mr. and Mrs. Covell had written at one point, in a letter eventually brought out by submarine.

"We live in a grass hut with a bamboo floor. The people around supply us with plenty to eat. . . . The Japanese came very close one day in February, and we have moved out three to hide. . . ."

An official of the society said there was little question that beheading was the form of execution although one report said the missionaries were "put to death" without specifying the means.

The society plans to publish a memorial booklet to the missionaries in the near future.

Churchill's Plea To Avert Conflict Is Partially Filled

United States Agrees to Sit With Other Powers in Role of Mediator as Further Step To Resolve Dispute Menacing Arab World

ALL IS REPORTED QUIET IN SYRIA AND LEBANON

By the Associated Press

London, June 1.—France refused today to comply with Prime Minister Churchill's request that French troops in Syria retire to their barracks to avoid the possibility of a clash with the British, but in a conciliatory move ordered her troops to "cease fire."

"French troops will remain in their positions," said a French communique issued in Paris after a cabinet meeting.

By ordering French troops to cease fire the French thus complied with half the request of Churchill, backed by President Truman, of take steps to end the bloodshed.

In further steps to resolve the dispute that threatened to plunge the Arab world into revolt, it was disclosed that the United States had agreed to sit with other powers in the role of mediator.

The British foreign office announced that France had been invited to participate in a London conference with Britain and the United States to settle the issues involved in the Arab-supported demands of Syria and Lebanon for full independence and Allied insistence upon safeguards for the communications lines to the Pacific war area.

Beirut dispatches said all was quiet in Syria and Lebanon after the French finally stopped their shelling and bombing of Damascus, Syrian capital, and that small-arms fire had ceased. At least 400 persons had been killed and 500 wounded.

The British commander in the Middle East, Gen. Sir Bernard C. Paget flew to Yezrouth this morning in a bomber escorted by Spitfires. British destroyers swung at anchor in Beyrouth harbor.

British troops, tanks and vehicles moved along the main roads toward Damascus yesterday following Prime Minister Churchill's orders to intervene.

Beirut dispatches said the French commander in Syria had agreed in a conference with the British commander to cease fire, as Prime Minister Churchill had demanded, and also to take orders from the British.

Foreign Secretary Anthony Eden informed the house of commons that the French in Syria had been ordered by Paris not to oppose British efforts to restore order.

The French council of ministers, in session in Paris, was expected to set forth the official French position on prime minister's dramatic intervention yesterday.

AP Correspondent Frank O'Brien reported from Damascus that the Syrian capital was unusually quiet under a pall of smoke which billowed from the shattered center of the city. An official of the Syrian government said 400 dead and 500 wounded had been picked up by Syrian ambulances during brief truces.

Syria itself will not be invited to the tripartite conference, the British foreign office spokesman disclosed, although it might be invited to participate in later talks.

He explained the issue was primarily one of relations among the big powers warring against Japan and that Britain's concern was with tranquility in an area through (Turn to Page Eleven)

Okinawa Resistance Appears Ended

DISORGANIZED DEFENDERS IN FULL RETREAT

Tenth Army Yanks Close Trap on Shuri While Tokyo Admits Losses Increasing

MOPPING UP IN NAHA

By HAMILTON W. FARON

Guam, June 1.—(AP)—Organized Japanese resistance on Okinawa appeared to be ended today.

Tenth Army Yanks pursued, crippled, disorganized remnants of the rising Sun's once-powerful island garrison and closed a trap on Shuri town while radio Tokyo admitted Japanese losses were "gradually increasing."

With marines on the west and infantry on the east, the Americans cut through both flanks to isolate the Shuri key point of Japanese defenses and to drive spears on both flanks southward so swiftly the retreating Nipponese were unable to set up new defenses.

Sixth Division Marines completed the mop-up in Naha, former capital city of the island with a population of 66,000, smashing furiously from all directions into remaining pockets.

Japanese Domei News Agency, meanwhile, admitted in a dispatch broadcast by Tokyo radio, the "penetration" of Naha by American troops. It termed the situation a "critical development" which compelled Nipponese commanders to withdraw "part of their troops" to positions in the rear in order to consolidate their defense lines.

Elements of the Sixth Marine Division, Associated Press War Correspondent Al Dopping reported from the front, were pursuing the "withdrawing" enemy southward toward the mouth of the Kokubaru river and toward the Naha-Yonabaru road south of Shuri. Those which did not "withdraw" were either killed or captured.

Radio Tokyo yesterday admitted the Okinawa defenses had been split into multiple fronts, but claimed, nevertheless, today that the Japanese still were engaged in "sanguinary hand-to-hand fighting" against the Americans, with "our men inflicting tremendous bleeding on the enemy."

Three-quarters of the original Nipponese garrison on the important Ryukyu island have been killed or captured. It appeared certain the remaining 25,000 or fewer Japanese, their life line crumbling, will be unable to make a prolonged stand.

Anticipate Largest Throng In History To Witness "Bondwagon" Extravaganza Here

Tomorrow night's the night when all county highways will lead to Warren's Beaty Field where the big KDKA "Bondwagon's" all-star troupe of radio artists will stage a continuous, two-hour variety show and bond-selling spectacle unprecedented in local annals.

Local authorities freely predict one of the largest throngs in Warren's history as the citizenry from miles around converge on the county seat for the entertainment extravaganza and bond rally. The populace of neighboring communities is expected to augment Warren kintfolk, swelling the crowd to impressive proportions.

However, all are reminded that the underlying purpose of the unusual event is to SELL BONDS. In commenting on the occasion, Burgess R. W. Steber stated today:

"The Warren County War Finance Committee is to be congratulated upon its foresight and consideration of our good people in bringing this famous unit of entertainers to our city. Undoubtedly, all will enjoy a treat such as they never before have been privileged to avail themselves.

"However, the endeavors of William E. Yeager, our War Finance chairman, and his many tireless aides, including Donald C. Smith, H. W. Conners, M. H. Deardorff and others, will have been in vain unless we BUY BONDS IN ABUNDANCE. That is one of the primary motives of the festivities and up that outcome must the evening be adjudged a success or failure."

Yeager further stressed that all bonds sold, whether at the KDKA

Johnny Boyer, KDKA's popular sportscaster and singing announcer, who will "emcee" the show that's coming to Beaty Field Saturday night to help Warren provide more B-29's for the war against the Japs.

or local banks' booth beside the platform, will be accredited Warren county. He said:

"The KDKA artists have no budget to meet, volunteer their time and talents gratuitously and derive a maximum of pleasure only when their generous efforts result in a spirited sale of bonds. So come prepared to purchase as well as applaud. And remember, there will be no pledges—only the CASH sale of bonds. That is KDKA's only definite stipulation."

As a prelude to the open air variety show, KDKA will broadcast a 15-minute "Salute to Warren" this evening at 10:45 o'clock. The tribute to the county seat will be presented by Bill Sutherland, the Westinghouse station's senior announcer, from script written by Marjorie Thoma, KDKA's renowned poetess. The material for the program, dealing with Warren's early days and down through the year, was prepared by Warren's own M. H. Deardorff.

The "Bondwagon" is scheduled to arrive here tomorrow at 5:30 p. m. Following dinner, its 40 passengers, including 25 entertainers, 10 uniformed salesgirls and station executives, will repair to the huge pavilion at Beaty Field. Following a parade through the Warren business section by the Veterans of Foreign Wars band, the show will commence promptly at 7:30 p. m.

NIPPONESE INDUSTRIAL CITY RAIDED

Semi-Official Japanese Broadcasts Admit Flames Started in Manufacturing Center

OPPOSITION IS LIGHT

By ROBERT COONS

Guam, June 1.—(AP)—Great waves of Superforts lighted fires in the manufacturing center of Osaka today that sent smoke billowing 27,000 feet above Japan's most highly industrialized city, and simultaneously the 21st Bomber Command announced a similar raid Tuesday burned out 6.9 square miles of Yokohama.

"The principal portion of Yokohama is virtually destroyed," B-29 headquarters announced, as returning crews indicated they had left Osaka in the same condition today.

Eighty-six square miles of Urban industrial area of Japanese cities are now known to have been destroyed or heavily damaged by Superfort incendiary attacks.

Semi-official Japanese broadcasts admitted flames started throughout the manufacturing center of Osaka were only "gradually" being brought under control.

Smoke over Osaka was so dense that many returning airmen reported they couldn't see the flames. Only light fighter opposition was reported, including anti-aircraft planes, probably because an escort of about 150 Mustangs from IWO Jima swept in ahead of the first wave of B-29s. The few interceptors were so unaggressive that one American gunner described the raid—the second mass fire attack on Osaka, as "a sort of milk run."

Superforts flew through heavy cloud formations and sometimes snow, to reach the city, and began unloading their flaming destruction by precision instruments through a light haze at 8:35 a. m. (7:35 p. m. Thursday Eastern War Time.)

FATALITY AT ERIE

Erie, June 1.—(AP)—Coast Guardsman Eugene John Krug, 27, of Cincinnati, O., was killed and six others were injured when their truck overturned early today on the Peninsula road near here. Commander Charles Motley of the Erie Coast Guard base announced. The injured are recovering in Hamot hospital.

Committee Cuts Sharply Fiscal Funds

Washington, June 1.—(AP)—The house appropriation committee today cut sharply into the 1946 fiscal year funds for a group of war-borne agencies in a bill it described as "the beginning of the end" of such agencies.

With one exception, the committee trimmed budget estimates for every agency which already had been reduced by President Truman, as it sent the \$769,764,850 measure to the floor for house action next week.

Withheld from the bill at the last moment were funds for the Office of Price Administration, the Foreign Economic Administration, and the Fair Employment Practices Committee. Legislation affecting OPA and the FEPC is pending in congress. The FEPA funds were held up until lend-lease estimates are received from the White House.

The total in the bill fell \$111,512,650 below budget estimates and \$209,548,880 under current year funds.

Arson Charged In Mahanoy City Fire

Mahanoy City, June 1.—(AP)—A 45-year-old handyman, Joseph M. Gihlin, faced charges of arson today in connection with a \$1,000,000 fire which raged through two blocks of business and residential buildings here Memorial Day.

Police Chief A. P. McLaughlin said Gihlin had confessed to setting the fire and had been committed to the Schuylkill county jail at Pottsville, after a preliminary hearing before Justice of the Peace William Young yesterday.

Gihlin was arrested by Mahanoy city and state police.

McLaughlin said Gihlin, formerly of Shenandoah, told him he stuffed oily cotton waste under a garage door in the rear of a paint and wall paper shop where the fire was discovered. McLaughlin said Gihlin also said he was intoxicated and could give no reason for his action at the time.

Pottsville, June 1.—(AP)—Joseph M. Gihlin, who pleaded guilty to setting the \$1,000,000 fire which leveled two blocks of Mahanoy City's business district Memorial Day, was sentenced to 70 to 140 years imprisonment in Schuylkill county court today.

Major General James L. Collins, commanding officer of the Fifth Service Command who was at Fort Harrison when the rioting started, said in a report forwarded to the War Department that there were indications "that the riot was a planned affair."

He reported fires broke out in a barracks and at an infirmary at two widely-separated spots in the compound while the rioting was in progress. He estimated the fire damage at \$100,000. Nine barracks buildings were burned.

General Collins estimated 1,900 prisoners were involved in the rioting. All were American soldiers, many of them court-martialed while serving overseas for serious offenses, including murder and rape.

Bonds to Keep Ships Geared For Action

Washington, June 1.—(AP)—A War Bond statement from Vice Admiral William Ward Smith, commander service force, United States Pacific fleet.

"To keep the fighting ships geared for action, the service force of the Pacific fleet expends millions of dollars in supplies and equipment daily. To help offset this tremendous financial outlay, the support of every American in the 7th War Loan is needed."

Interesting Theme Chosen For Baccalaureate Service

Suited to the international aspect of much of the day's happenings, the Rev. Beecher M. Rutledge, rector of Trinity Memorial Episcopal church, has chosen "Building a New World" for the theme of his address to the high school class of 1945 at the baccalaureate service Sunday night.

The service, to be held at 7:45 p. m. in the First Presbyterian church, is sponsored by the Warren County Ministerial Association, in cooperation with the school heads, and will be presided over by Rev. Harold Knappenberger, president.

The program will open with the prelude and processional hymn, "Onward, Christian Soldiers." Mr. Knappenberger will give the invocation and Rev. R. H. Eggleston, United Brethren minister, will have the Scripture reading. Another hymn, "I Would Be True," will be followed by prayer by Dr. Harold C. Warren. Miss Twila A. Hoover will direct the high school capella choir in the anthem, "Jesu, Priceless Treasure", by Cruger-Bach. Pastor Nore G. Gustafson, of St. Paul's, will pronounce the benediction and the program will conclude with the postlude.

Most churches of the community will omit their regular evening services in order that families and friends may attend the baccalaureate.

Speed Effort To Decide On Peace Charter

By JOHN M. HIGHTOWER

Associated Press Diplomat

San Francisco, June 1.—(AP)—Prospects for settlement of the Franco-Syrian dispute combined with reports of improved American-Soviet relations today to brighten delegates' hopes for an early, successful windup of the United Nations conference.

Forceful leadership by the big sponsoring powers is regarded among United States delegates as the means for shaking the conference out of its lagging committee work and whipping the charter for a new league into final shape.

Many delegates are saying privately that the time for action to that end is at hand and the place to begin is among the Big Five. The United States sought agreement with British, Russian, Chinese and French spokesmen on half a dozen pending questions, and an early meeting of Secretary Stettinius with the other four delegation chiefs is expected.

Moscow reaction to a proposed Big-Five statement on the veto voting issue is due in a day or so. The statement is intended to reassure small nations that the big-power veto could not be used to prevent their getting at least a preliminary hearing before the prospective World Security Council.

OPA Cracks Down Hard On Canning Sugar "Chiselers"

Washington, June 1.—(AP)—The OPA cracked down hard today on "chiseling of home canning sugar for other purposes."

Some chiselers are stooping to falsify their applications in an effort to get sugar that they know they won't use in canning. Price Administrator Chester Bowles said in a statement announcing a "drastic program to put an end to this sugar racket."

Bowles said the sugar supply is sufficient for home canning requirements, "but there will not be enough if the chiseling x x x continues."

Under OPA's four-point program, everyone applying for home canning sugar must sign this pledge:

"I agree that I will use the sugar applied for for home canning purposes only. If, for any reason, I should not use it for canning, I will return the equivalent in sugar stamps to my local war price and rationing board. I further agree that I will furnish

Fire Follows Riot At Fort Harrison

Indianapolis, June 1.—(AP)—A guard was shot and killed and three prisoners were wounded, one of them seriously, during a riot and fire last night at the U. S. Army Disciplinary Barracks at Fort Benjamin Harrison.

Major General James L. Collins, commanding officer of the Fifth Service Command who was at Fort Harrison when the rioting started, said in a report forwarded to the War Department that there were indications "that the riot was a planned affair."

He reported fires broke out in a barracks and at an infirmary at two widely-separated spots in the compound while the rioting was in progress. He estimated the fire damage at \$100,000. Nine barracks buildings were burned.

Army In Pacific To Be Twice Present Size, Truman Says

Washington, June 1.—(AP)—The U. S. Army in the Pacific, President Truman declared today, ultimately will be twice its present size and "bigger than our army was in Europe at its height."

In a special message to congress, reviewing the war and reiterating this country's determination to fight the Japanese conflict "to a complete finish," Mr. Truman called for workers in ship repair yards to meet the suicide attacks of the Japanese and asked civilians to abstain from travel during the mass movement of troops to the Pacific.

Mr. Truman said the Pacific war has developed all the major elements of a naval war and told congress all escort vessels not needed for training will be sent there.

He praised the navy's aid in bringing about successful land invasions all over the world, and said the Japanese surface navy "has now been reduced to a fraction" of its full fighting strength.

The Japanese merchant marine, he added, "has now been reduced to a quarter of its pre-war size."

For this we can thank our submariners, air and sea bases and surface and sky fleets, he continued.

The message, read to congress by clerks, said the joint chiefs of (Turn to Page Eleven)

Salute to Warren

From 10:45 until 11 o'clock this evening, over KDKA, Warren borough and county will be featured in a radio broadcast from Pittsburgh. The program has been arranged to precede by one day the visit of the KDKA Bondwagon to Warren and should be of interest to everyone in Warren county.

Much of the material prepared for this program is of an historical nature, which is peculiarly fitting, since 1945 marks the 150th anniversary of the founding of the borough. It was back in 1795 that the borough was laid out. The centennial was observed in 1895. While time may not be found to observe the celebration of a formal sesqui-centennial anniversary due to the war, bond drives and other war activities, this is the year in which Warren observes its 150th birthday. Tune in on KDKA at 10:45 tonight and hear the "Salute to Warren."

AREA BUSINESS INDEX

Pittsburgh, June 1.—(AP)—Little change was noted in business in the Pittsburgh district last week, with the index at 176.9 per cent of the 1935-39 average, against 177.3 for the previous week, the Bureau of Business Research, University of Pittsburgh, reported today. A moderate gain was reported in coal production, with steel holding unchanged.

ATTACH RECORDS

The local war price and rationing board is reminding all those making application for gasoline rationing, new or renewal, that these applications will soon be transmitted to Erie for issuance and considerable delay will be avoided if mileage rationing records are attached to the application before it is brought or sent to the local office. The board advises that in all applications, no matter what type, one should figure on allowing between 48 and 96 hours before the rationing will be received through the mail.

NEW PULLEY PLACED

The big aerial truck from the Central Fire Station did its annual stint yesterday in replacing a new pulley on the flag pole at the Armory on Hickory street. The rope broke and ran through the pulley and the flag blew onto the roof of the Armory. The ladder was extended to its full height and one of the firemen clambered up and placed the rope through the pulley at the top and now the flag flies. Men of Engine Co. No. 2 extinguished a fire in one of the borough trucks yesterday. The wiring ignited and was soon extinguished with small loss.

M-W. BOND RECORD

A report from the Metzger-Wright store today shows that the Bond sale there is gradually nearing its quota of \$60,000. The total to date amounts to \$35,300, of which \$25,475 has been invested in "E" Bonds. The White team, captained by Mildred Carter, is in the lead with \$17,625; the Blue team captained by Rena Hansen, second with \$6,700, and the Red captained by Pearl Johnson third, with \$4,700. In the individual contest, Mrs. Glenn Brockway is leading with a total of \$6,975. Mrs. Brockway also leads in largest number of individual sales with 23 and the largest number of "E" Bonds sold, with 20.

SHERIFF FLYING

Warren county, much to the surprise of many, has a flying sheriff. Larry Linder has been flying for years and takes up the new trainer plane at the local airport with a nonchalance that bewilders his friends. Last night he had the ship in the air for some time. Warren Stone and Alex Flick were also in the air last evening making up a few hours of the sport of which they are devotees. One of the finest planes at the port is that owned by Marshall Mathis who has a coupe Cub in which the passenger and pilot sit side by side. It is red in color and a familiar sight to those who cast an eye skyward during the evening hours. Last night while flying over the Scandia section Mr. Mathis sighted four deer calmly grazing in an open field.

BUILDING BARN

Albert E. Ristau, of the Reliable Furniture Company, is erecting a large barn on his farm in the Scandia section. The barn is a fine one and the roof is now being put in place.

K. C. THIRD DEGREE

Notice has been received by the grand knight of Warren Council Knights of Columbus stating the third degree scheduled in Oil City has been postponed until some time in July. Members will be notified when the new arrangements have been definitely completed.

DAMAGING GARDENS

Boys playing baseball in various parts of the city are reported to be damaging gardens when the baseballs fly into the Victory Gardeners plots. The lads are asked to use care in retrieving the balls and in several instances the police have been called upon to halt the boys at play.

MILL NEARS COMPLETION

The saw mill of the Commercial Lumber Company has been rebuilt after being destroyed by fire. The mill is a large one and cutting is already under way while finishing touches are being put on the building. The fire which took place several months ago razed the building and damaged the machinery extensively.

IMPROVE HONOR ROLL

Some hard work during the past few days on the part of the Veterans of Foreign Wars resulted in a great improvement in the appearance of the Honor Roll. The board was painted, hundreds of names were added to the roll and an insignia of the VFW was mounted on the top of the board. The improvement drew many complimentary comments.

CARS DAMAGED

A car owned by Frank R. Peters, Irvine, was damaged to the extent of \$10 last evening when Manager Reed Anshultz, of the Lawrence Hotel, Erie, pulled away from the curb near Harvey Carveys. The Erie man's machine suffered \$35 damage. Both operators carried insurance and will report the crash to their companies. Police investigated.

HIGH WIND TUESDAY

The high wind which accompanied the rain on Tuesday evening raised havoc with a number of trees about the city and scattered many limbs and branches about the streets. The sign at the police station was also blown down and the top was broken off. It will probably not be replaced until the sidewalk from Third avenue into the station is built.

APPEARANCE IMPROVED

The Fire Station of Engine Company No. 3 has been greatly improved and is now undoubtedly one of the most attractive in the city. The living quarters of the firemen have been repainted and a good looking rug laid on the floor. The truck room will also be much improved when the floor is painted and the work completed. The men stationed at the Engine house have done an excellent job of spring housecleaning.

RECEIVES DIPLOMA

Announcement is made today by L. E. Johnson, district representative, that William Theodore Mohr, 1620 Pennsylvania avenue, east, has received his diploma from the International Correspondence Schools at Scranton upon completion of the course and examinations in heat treatment of metals. Mr. Mohr, employed in the machine shop at the Sylvania plant, is to be congratulated both on his high grades and the short time it required him to complete the course.

SNOWED THIS MORNING

Those who were out this morning at 6:30 were treated to a sight as snow in Warren on June 1st, is considerable of a rarity. However it did snow, the round tapioca kind, and for a time it came down quite steadily. Police and others up at that hour report the fall to have been heavy for a short time. The mercury sank low over night and had the skies been clear a heavy frost would undoubtedly have done heavy damage. Reports from Chicago today are to the effect that much warmer weather is in the offing and a temperature of 80 is expected in the Windy City today.

Have We Made Progress?

Let's look at the record. In 1924 when the Association was formed oil was just oil to the motoring public. Today, through our Association's promotional activity, millions of car owners know and respect oils sold under the Pennsylvania Grade emblem. Few products in all the world enjoy a stronger consumer preference than 100% Pure Pennsylvania Motor Oils.

The Association never rests on its laurels. Advertising is continuous; research is continuous; and various activities which protect Pennsylvania Grade's "good name" are continuous.

Our oils have kept pace with motor improvements... military and civilian. There has been a marked advancement in production knowledge. All through these critical years, the good name of 100% Pure Pennsylvania has been effectively protected. When post-war comes, marketing will take on new impetus.

Have we made progress?

The answer is "YES."

HISTORY OF UNREST IN SYRIA AND LEBANON

Alexander Rashid, well-known local merchant, who spent his early life in that country, submits the following timely and informative article on "The History of Unrest in Syria and Lebanon".

In order to understand what the present crisis in Syria and Lebanon means it is necessary to take a look at the background of this unhappy situation. As you know, both Syria and Lebanon were taken out of the Turkish Empire in World War I. This was done with the loyal and self-sacrificing help of both countries and the unremitting efforts of the Arabs in general. It is well known how sincere was T. E. Lawrence's disappointment because they were denied their independence, which was promised them for the end of the war. France became the mandatory power. And after fifteen years of controversy, the date when these two people would receive their freedom was set. It was supposed to have been the year 1933. But war in Europe intervened; and Syria's strategic location on the Mediterranean, her valuable oil fields, her bases within a short distance of Suez, her moral and material place in the Arab and Mohammedan world, could not be permitted to fall into the hands of the Axis powers.

In view of the emergency, the Free French government offered a new guarantee for the independence of both states, setting a new date, June 1, 1944. It may be said that since that time Syria and Lebanon have been nominally free; nominally, but not actually, for not only have French troops remained on Syrian and Lebanese soil, but additional troops were sent into both countries against the consent of their respective governments.

Previous to the despatch of the new troops, negotiations were going on in Paris between the representatives of Syria and Lebanon and the French government. Among French demands are: A free zone in the Beyruth Harbor, safeguards for French institutions and educational establishments, as well as control of certain airfields and other bases. In other words, France wants to retain her paramount position in the Levant. But both countries assert that they have no intention of granting France any special privileges within her former mandates. Their representatives in San Francisco say that they will discuss their relations with France, Great Britain and the United States, all on the same footing.

According to French authorities, the additional Senegalese troops which were poured into the Levant were not reinforcements and a show of strength, but to assist in establishing a staging base for operations in the Far East, and to "maintain order in Lebanon." The Syrians and the Lebanese, on the other hand, assert that their sovereignty is threatened, that the sending of the troops meant only one thing, to enforce the imperialistic demands of the French government.

Both the republics have a relatively small population, 4,000,000. However, they are members of the recently formed Arab League of Nations, which numbers some 30,000,000, comprising Egypt, Iraq, Syria, Lebanon, Trans-Jordan, Saudi-Arabia, Yemen. In Cairo last March these Arab states made public a document of great historical significance, which binds them to protect their "independence and integrity", to strengthen ties among themselves and fulfill "the hopes of the Arab countries." This Entente Cordiale, this Charter, is the realization of a hope and a dream long held by many thinking Arabs. Were it not for the events of the war, that were then taking place, the announcement of this charter would have caused a great stir in the world.

This potential organization of Arabic-speaking peoples now emerges as a new political force. It has already begun to function. With two members, Syria and Lebanon, former mandates of France, now engaged in sharp controversy with an outside power, the League made its stand at once known. It declared that "it would not fail in its duty to safeguard the liberty and independence" of its fellow members. Confident of the League's support, the two protesting nations made a statement, jointly drawn, to the effect that they would resist the imperialistic actions of the French with "every means at their disposal."

This disturbing situation has led to the suspension of negotiations between the countries concerned. French Senegalese troops fired on people in Beyruth, Damascus, Hama, Homs and Deraa. The number of dead and wounded has now run up into the hundreds. The British, who are virtual guarantors that France would carry out her promise of independence, now fear repercussions in Palestine, Egypt and elsewhere in the Arab world. Already the fighting has spread from one area to another. The governments of these two little countries have no trained armies of their own, but so angry are the people at what they consider a violation of their sovereignty that the Syrian government's call for 5,000 recruits was answered by treble that number, 15,000. These and other warlike preparations are now going on. And unless the present efforts of the United States and Great Britain towards a settlement of the issue succeeds, a clash is inevitable. In case of a general conflict, sister Arab states would immediately come to the aid of Syria and Lebanon.

It is hoped by conservative elements in the countries involved and by the rest of a war-weary world that a peaceful solution to this vexing problem can be found, thereby averting further bloodshed.

At 7:45 p. m. Sunday, in the First Presbyterian church, thoughts of the Class of 1945 of Warren High School will turn from the lighter moments attendant upon commencement to the more serious matters of the present and future, assembling for their annual baccalaureate service and an address by Trinity's rector, the Rev. Beecher M. Rutledge, on "Building a New World."

WAC Recruit Officer To Be Here Monday

S/Sgt. Mary L. Gravel, in charge of the U. S. Army Recruiting Office in Erie, will be at the Y. W. C. A. in Warren on Monday, June 4th, from 1:00 p. m. to 6:00 p. m. She will interview women interested in enlisting in the Women's Army Corps. Contrary to recent rumors, enlistments in the Women's Army Corps are not closed. There is still an urgent need for women in the Army for replacements and to aid in the discharging of returning veterans. Although women may not enlist in any definite branch of the Army, they are allowed to make three choices during their basic training as to their preference in a certain field. The Classification Officers will then try to place them accordingly, knowing that most women will do their best in the type of work they like most.

S/Sgt. Gravel will also interview any 17 year old men who have passed the ASTRP examination which was given in all high schools on April 12th. The Army will pay for the transportation and lodging of all ASTRP applicants who wish to go to Pittsburgh to take the physical examination.

Men who have been discharged from the Armed Forces and have never been issued a discharge label button, may contact S/Sgt. Gravel at the Y. W. C. A. Discharge buttons will be issued to veterans, and other officers, upon presentation of their original discharge certificates, certificates of service, or War Department special order announcing retirement. Discharged officers must present, in lieu of the above mentioned certificates, a true copy of orders or other instrument relieving them from active duty.

Scout Adults Plan Session Of Importance

A meeting of unusual interest will be held by Girl Scout Council members, leaders and troop committee members, on Monday evening, June 4th, at the Y. W. C. A. when the plan of work for the Warren county Girl Scouts for the next two years will be presented.

An experiment in democracy, the plan is unique in that it began in discussions in Girl Scout troops all through the county. The ideas evolved by the girls and their leaders of ways in which they may become increasingly active citizens of their community were presented to standing committees of the local council, which considered them and based upon them a plan of work for the next two years.

The local plan of work will be sent to Girl Scout national headquarters and the work of the national organization will be based upon the plans of hundreds of councils throughout the United States. Because this is the first time that a national organization of more than a million members has built its program of work upon the desires of the members, for whom the organization exists, the project is being watched with great interest by many educational and social work organizations.

The meeting on Monday evening will include short reports by a Brownie Scout, an Intermediate Girl Scout, Senior Girl Scout, and adult work groups of the council and leaders.

Betty Lee Celebrates Birthday With Attractive Offerings

In a full page advertisement in the Times-Mirror celebrating the Betty Lee Shop reminded Warren women that the store was celebrating its seventh anniversary in Warren. During that time the Betty Lee Shop has become one of the recognized leading business places of the city catering exclusively to women. Consistent fair and honest dealing has won the store a warm place in the hearts of the women of the city and its handling of popular and well advertised lines has attracted customers from towns in this section.

The store was organized June 1938 by Hyman and Nahum Levinson and the store room they now occupy was extensively remodeled, a new front added and modern fittings installed. It was highly attractive and well arranged for the display of the creations presented. The original policy of providing a complete style store for the women of Warren has remained unchanged to this day and has clicked.

One of the partners Hyman Levinson went into the United States service March 17, 1942. He was assigned to the Quartermasters Corps attached to the Air Corps at Indianapolis, Ind., as a Private. He went to OCS at Camp Lee, Va., in the spring of 1942 and was then sent to the Air Corps Center at Nashville, Tenn., and was made a "First lieutenant" in the fall of 1943. He was then sent to the Army Contract School at Dayton, Ohio and then reassigned to Indianapolis.

In the meantime the Warren store carried on in fine shape and new and recognized lines were added and recently the firm purchased the Molly Ann Dress Shop, at Indiana, Pa., exactly seven years after opening Betty Lee

Glenn A. Dase and Mrs. Louis Carlson, all of Buffalo; two sisters and two brothers, Mrs. August Renard and Oscar Dase, Egg Harbor, N. J.; Mrs. Ludlow Schwanke and Richard Dase, Warren; also 31 grandchildren, nine of whom are in the armed forces, and 15 great-grandchildren.

He was a member of Salem Evangelical church and services in his memory will be held there at two o'clock Saturday afternoon, conducted by his pastor, Rev. S. R. Schieb. The rites at the church will be preceded by a prayer service at 1:30 o'clock at the home of his daughter, Mrs. Charles Ristau, 36 Locust street. Interment will be made in Oakland cemetery.

PVT. FRANCIS VROOMAN

The body of Pvt. Francis Vrooman, son of Mr. and Mrs. Ernest E. Vrooman, Titusville, and brother of Miss Virginia Vrooman, of Warren, arrived in Titusville this morning and was removed to the home of his parents. Friends may call there until 10 a. m. Saturday, when removal will be made to the William M. Curtis Funeral Home for services at two o'clock the same afternoon. Interment will be made in the Tidouite cemetery.

Accompanying the body as guard of honor was Pvt. Vrooman's cousin, Pvt. Edward Collins, also of Titusville, with whom he was inducted on January 20, 1945, and who was also training at Camp Blanding. Details have not yet been learned here concerning the drowning which claimed the life of the young soldier.

IN MEMORIAM

In loving memory of our wife and mother, who died one year ago today, June 1, 1944:

It was a year ago today, love, That now we see your face no more. We'll take the promise of our Saviour And meet you on the other shore.

The birds were singing in the morning, The ivy and myrtle were in bloom. It was at Russell by the roadside We laid our darling in the tomb.

Why did you leave us so soon, dear one? That now we miss you more each day. We'll meet you when our trials are over, Yes, when the mists have cleared away.

There's hope beyond this vale of sorrow, Christ's promise is now for the best. For all who seek Him in their trials Will in Him find eternal rest.

So there the weary cease from trouble, Christ said "Come all ye and be at rest. I lived and died broken hearted, So bring your trials and find rest."

Now soon the Lord will call the sleepers, Arise now from your dusty beds. You're rested now from all your labors, Arise and come forth from the dead.

We'll trust now in a Saviour living, He died, now lives forever more. We'll trust Him for the life He's giving, And soon meet you on the other shore.

Lacy Patrons Will Discuss Playgrounds

Residents of Lacy School district in Glade will meet at the school at 7:30 p. m. Monday, June 4, to discuss the unsatisfactory condition of Lacy Playground.

All residents of Glade and Lacy school district are urged to attend this meeting Monday evening to lend their help and support to this much needed project.

A special committee appointed by Lacy P. T. A. has been at work for some time endeavoring to secure necessary improvements to make this playground safe and healthful. Recent developments may be made providing the residents of this area and the Park Committee of Warren Board Council are willing to cooperate.

First requirements are a limited amount of grading which will require a bulldozer, and a quantity of top-soil to permit seeding. The only graded areas of the playground at the present time except for a small section in grassed area, is the large area seeded last Fall by interested men of the neighborhood.

It was recently established by a fact finding committee of Warren's Social Agencies under the leadership of John Rossman, that Lacy School was one of the two lowest in Warren in comparing activities of boys and girls in Club and Project Activities as well as Scouting, YWCA and YMCA activities. Facilities for these purposes in Warren are all grossed out, nearer the center of town as are the only adequate and properly constructed playground areas. It is felt by

Lacy residents that at least proper playground facilities can be provided for its boys and girls and that programs of interest to children can be developed through proper cooperation with these various social agencies. An excellent scout troop has recently been established using Lacy School as headquarters.

All residents of Glade and Lacy school district are urged to attend this meeting Monday evening to lend their help and support to this much needed project.

Of course, the board continues, "if it is a question of allowing fruit to spoil or canning without sugar, go ahead and can like many others do."

The local war price and rationing board is in receipt today of the following telegram from the Office of Price Administration:

Music Boosters Tag Day

BRIGHT and early tomorrow morning students of the public school music departments—band, orchestra, choir and others—will be on the streets of Warren conducting the annual Tag Day sales of the Warren School Music Boosters Club. Headquarters for the sale will be maintained throughout the day at the Allen building on Second avenue, next to Western Union and formerly occupied by the Civil Air Patrol. Those conducting the sale will report there to Boosters members who have volunteered to assist Mrs. N. K. Wendelboe and Mrs. C. C. Hulings, and patrons who have neglected to send in their patron tag gifts may bring them there to the committee. Recipients of patron letters are reminded that their gifts may be credited to the student-salesmen and are also asked to wear their patron tags on Saturday to indicate their part in this annual project.

Many persons in the community know very little about the Music Boosters Club, although it has been organized for several seasons and has been instrumental in aiding the public school music groups and directors in several projects for which there were not sufficient funds in the school board allotment to that department. There is no membership fee in the club, the Tag Day being its sole means of financial aid. The membership is limited only to those who are interested in the young musicians and their activities. Parents of students in any of the music groups are automatically placed on the club's membership list and are welcome to attend its monthly meetings. Any others interested, whether or not they have children enrolled, may attend meetings and have a part in the club's work. If anyone would like, he may enroll at the Tag Day headquarters on Saturday and anyone wishing a special patron tag may secure it there, also.

Each spring Director Harry Summers presents the Dragon Band in a special thank-you concert for those supporting the Tag Day and has set Tuesday, June 5, as the date for this year's musical event. Beauty school lawn is the place and all are invited.

Adult Bible Class Holds Last Session

With the second and last study of the Book of Revelation, the closing session of the Community Adult Bible Class, sponsored by the Young Men's Christian Association, was held in the "Y" last evening, with seventy-five men and women in attendance.

"Bible Book Studies" was the subject of the course of study, taught in sixteen sessions by the Rev. Arthur B. Fowler of Jamestown. The course, which was started on February 1, was attended by almost two hundred different people, some of whom were unable to attend regularly. About seventy-five different persons attended most of the sessions. The Y. M. C. A. has been highly commended for sponsoring this Bible course and practically everyone who participated has urged that the Bible studies be continued next fall and winter. Ralph Wagner, General Secretary of the Association, spoke briefly last night in appreciation of the splendid teaching of Rev. Fowler and promised that another Bible class would be conducted next fall and winter if all necessary arrangements could be made. It is probable that Rev. Fowler will again be available.

Names of those who established especially good attendance records were read last night. Those who had a perfect record of attendance were Mrs. Mabel Siggins, W. J. Summerville, Arthur Swanson and Mrs. A. R. Schueltz. Those who missed only one session of the series were W. K. Hay, Mrs. A. B. Ledebur, and Mrs. Elmer Leffard. Those attending all but two sessions were Mrs. Nora Eaton, Mrs. Gerald Snyder, Esther Stohl, Mrs. W. J. Summerville and Mrs. L. J. Stoddard.

Up on Liberty street what is commonly known as the Dennison House is being torn down. One of the older citizens of the city yesterday called our attention to the fact that this house was erected back in the '70s by Junius R. Clark, an attorney at the Warren County Bar, who later moved to Bradford and engaged in the oil business in a highly successful manner. Mr. Clark brought to Warren Charles H. Noyes and was associated with him. Mr. Noyes later was elected as Judge in this county and served successfully. Later the home erected by Mr. Clark was sold to Robert Dennison, who at one time was postmaster of this city, cashier of the Citizen's National Bank and prominent in Warren affairs. His family was raised in the home and his sons at one time conducted a clothing store in the Masonic Temple building when it was occupied by the YMCA. In the home there is some fine timber and most of it is in excellent condition.

It was in 1895 that the first trolley cars were run in Warren and the clang of the bell on the trolley roused the populace. The first street cars in Warren were horse drawn. Don't know who the first motorman was but Bill Barry says he was a natty cuss with a little black mustache. (Turn to Page Seven)

Pastor Here
From Trenton

The Rev. Milton G. Perry, pastor of First Baptist church in Trenton, N. J., for the past 13 years, will begin his pastorate at First Baptist church here on Sunday with a service of Holy Communion in conjunction with the Sunday morning worship period. His communion meditation will deal with the theme "Keeping One's Eyes Upon the Christ".

The Perrys, who will reside at 22 North Carver street, were accompanied by their eldest daughter, Mrs. Marjorie Derrah, and her small daughter, Bonnie. Two other daughters of the couple, Virginia and Lucille, are employed in Trenton and will remain there for the present.

Rev. M. G. Perry

Rev. Perry's first pastorate was at North Haven, Me., where he went following his graduation from Newton Theological Seminary, now Andover-Newton, in 1920. He also served as associate pastor at Dudley street church in Boston for two and one-half years.

Since going to Trenton, he has served two years as president of the Council of Churches of Greater Trenton; as chaplain of the Central New Jersey Organists' Guild and, under the council, organized and headed for the past three years a hospital chaplain's service.

Pastor Hans Pearson will preach on "The Value of a Soul" at the 11 a. m. worship in Moriah Lutheran church at Ludlow Sunday. He announces these special events for next week: Young Women's Missionary Society, 8 p. m., Thursday; confirmation instruction, 10 a. m. Saturday.

"Midday—Or Life at Its Height" is the theme chosen by Pastor J. C. Wygant for the morning message at First Evangelical church Sunday. In the evening, this congregation will join with others in the high school baccalaureate service.

For the 11 a. m. service Sunday in Trinity Memorial Episcopal church, there will be a special remembrance of all those who have given their lives in the service of our country. The confirmation class will make a corporate communion at this service, also.

Speaking at 9:30 a. m. Sunday in Bethany Lutheran church at Sheffield, Rev. Hans Pearson will have for his topic "The Value of a Soul", and at the Swedish service at 7:30 p. m., "How to Become Rich." the Philippines, was received on May 10, 1944. In a telegram to her parents, Mr. and Mrs. Olaf Erickson, of Russell, the War Department stated simply that she had met her death at the hands of the Japanese on December 19, 1943.

Just before that time, in March of 1944, the family had received her letter, written a whole year before and stating that she was alive and well.

Miss Erickson was graduated from Russell High School in 1916 and from Clarion State Teachers College two years later. She taught for a time in Russell schools and at Jefferson (now Johnson) school here. In 1923 she entered the Moody Bible Institute in Chicago, Ill., completing her work there and entering Gordon College in Boston, Mass., in 1927.

For a time she was a worker in the Clarendon Street Baptist Mission in Boston and did social service work in Emanuel House in Brooklyn, N. Y., in preparation for her work in the mission field.

In 1930 she went to the Philippines under the auspices of the Northern Baptist Convention and had only a couple of furloughs home in the years which followed.

In 1940 she came home for a year's furlough and, in 1941, earned her master's degree from Columbia University in New York. She returned to her island duties in April 1941.

While serving under the Northern Baptist group, she was affiliated with Calvary Baptist church of Warren and a memorial service was held there for her on June 9, 1944, following receipt of the news of her death.

Besides her parents, she is survived by the following sisters and brothers: Mrs. J. M. Reichenbach, Olean, N. Y.; Mrs. Laverne Erickson, Jamestown, N. Y.; Milton Erickson, Duke Center; Manley Erickson, Rixford, and Emil Erickson, Warren.
